Extended Warranty

Showtime has the most knowledgeable and well-trained in-house technical support department in the area. Unlike other retailers, we don't send computers back to the manufacturer—we fix it, fast!

Extended Warranty Plan includes:

1. Free remote technical support for the duration of your Warranty
2. In-shop service is covered 100%, excludes virus removal
3. Expedited replacement of all parts in your system
4. Express service for any Repair 1-2 Days

ONE YEAR \$89.00 or TWO YEARS \$169.00

BBO-INTEL-9400

The Gamer Extreme will absolutely blow anything else out of the water when it comes to games. It is designed from the ground up for pure action gaming with all the stops pulled. If you love extreme gaming, then you can't Live without the Gamer Extreme

All the high end components you need for the newest 3D video games and applications!

Barebones & Pre-Systems

What's the difference between a barebone and a pre-system? A barebone includes only a motherboard, case, power supply, floppy drive and (on some models) a processor. A pre-system included everything you need for a working machine, without an operating system. Pre-systems are a great choice for something you already has a Windows operating system or is looking to install Unix, Linux or BSD.
